\*supporting Republican candidate of the party's choice

***Chester County Action is committed to maintaining a pro-life plank in the Republican Platform.***

*Delegate* is a Party position, so voting is only in the Primary and will not go on to the General Election in November. Delegates are important because they are *uncommitted*, they may vote for anyone they wish in the Presidential nomination (McCain, Ron Paul). This can change the course of a tight race if they vote outside the party's choice or can impact the Vice-Presidency.

*"Superdelegate"* generally refers to Delegates to the Democratic National Convention. Because of Democratic Party policy, superdelegates can vary in number, making them something of a wild card in a race for endorsement.
